

2016 Implementation plan DRAFT

1. Basic Concept of Implementation Plan

Strategy plan (from Evolution presentation)

1. Establishment of Steering Committee and TOR
2. Strengthen cooperation between disaster management organization (DMO) and space/GIS organization (SGO)
3. Evolution of the WGs activities to strengthen cooperation between DMO and SGO to contribute to disaster preparedness, emergency disaster response and recovery
4. Emergency observation scenario considering preparedness and early warning, emergency response and recovery after disaster
5. Maximize utilization of performance of EOSs of DPN as well as to strengthen cooperation among DAN for rapid provision of analyzed products to end users
6. Improvement and active utilization of Sentinel Asia server system, WEB-portal and WINDS data transportation system
7. Planning and implementation of “success story” by each WG with the cooperation of countries and/or the development support organizations
8. Trainings and capacity buildings for DAN and end users
9. Cooperation with GPM/GSMaP, QZSS and MGA (Multi-GNSS-Asia)
10. Maximize utilization of the WINDS’ s high speed internet data transportation at its terminal phase
11. Develop and utilize archive system of the Sentinel Asia observation data

2.Meetings

1)Steering Committee

Once/year 2016 Sept , Place, Host TBD

2)JPTM

Once/year 2016 Nov, Place, Host TBD

3)DPN Meeting, DAN Meeting (TBD)

4)Working Groups

*Some of the meetings will use web system which will convenient for participants.

3.Capacity Building, SS

SS in Second phase, Study for operational application

Working Group Activity plan

Evolution of the working groups

4 .Others

1)Newsletter

Issued once per month

2)Maintain SA member list

Update and cover stakeholders of SA member list.

3)10th Anniversary events TBD

Ideas will be introduced in presentation.

2016 Sentinel Asia Schedule (Draft)

	2015. 10	11	12	2016. 1	2	3	4	5	6	7	8	9	10	11	12	1	2	3
Steering Committee			▲APR SAF	Decision of next host								SC Mtg ▲			APRS AF▲
