

EOR and Emergency Observation Response Procedure

Joint Project Team Meeting (JPTM) in Hanoi, Vietnam

Masaru ARAKIDA
Senior Researcher
Asian Disaster Reduction Center (ADRC)

2017/3/8-9

Purpose of EOR

(Depends on Procedure of Emergency Observation Request)

 EOR is to appropriately and efficiently communicate the type, time and location of a disaster event, to allow an assessment of how the Sentinel Asia framework can best support in terms of disaster assessment and response planning, and to activate supporting agencies as required.

2. It is one of appeal from the disaster-affected country for the international assistance, and is the fundamental instrument which the Sentinel Asia framework is executed.

Our role in Sentinel Asia

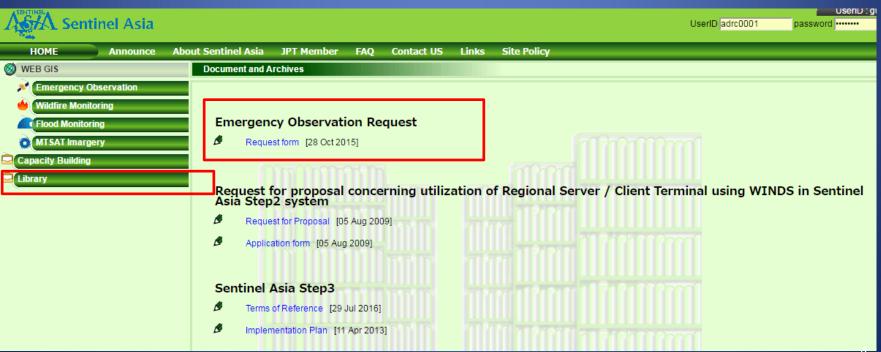

EOR procedures

 The default method for the initiaion of an EOR for Request Organization(RO) is to complete the online form at:
